The Grievance Redressal Cell is constituted to probe into the faculty, staff and student grievances. The Grievance Redressal Cell attempts to address genuine problems and complaints of students, faculty and staff members, whatever be the nature of the problem.

In 2019 online Grievance Redressal system has been established. Thus in order to carry forward the traditional established grievance system, we established the online grievance system where the students, staff or faculties can convey their queries/issues via dedicated email.

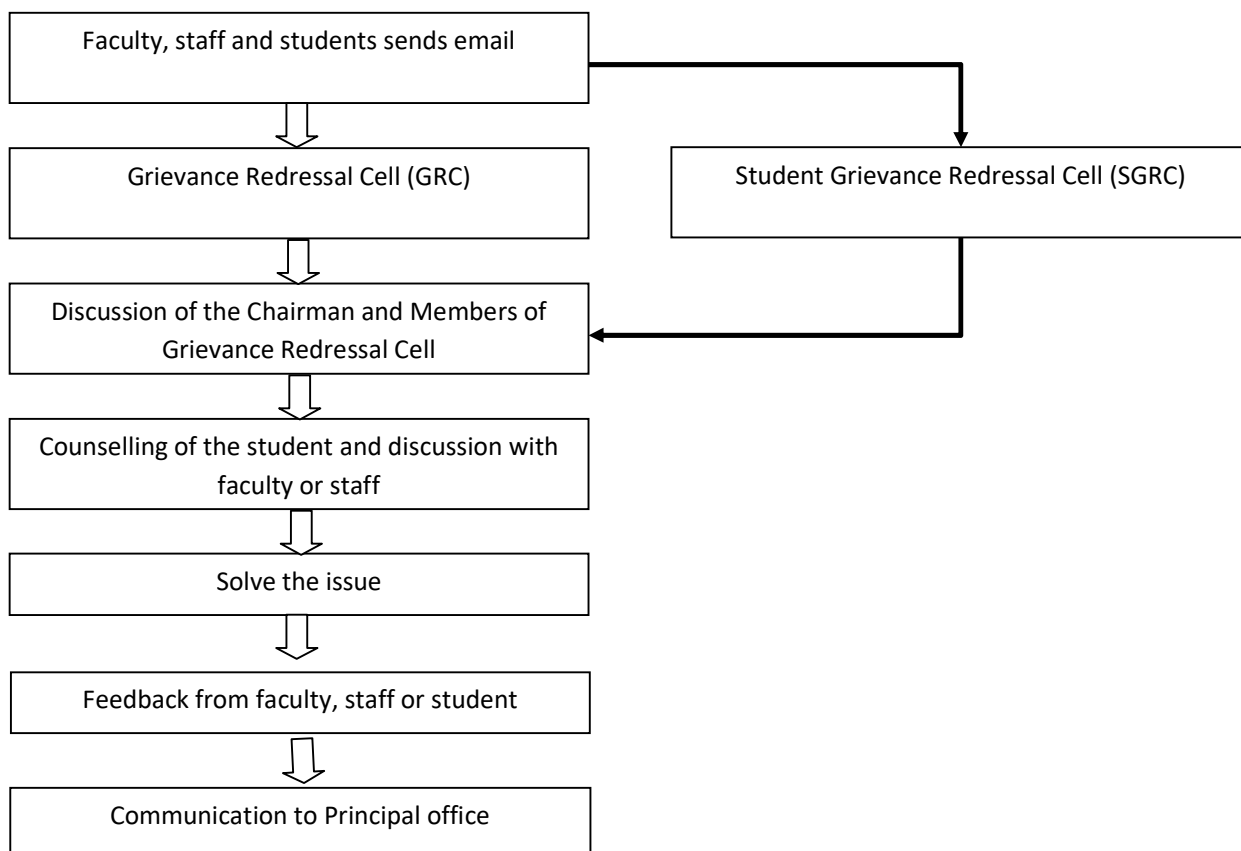

A dedicated email id can be used to send online intimation of grievance to the concerned committee about his/her grievances.

Following the directions of UGC and AICTE the 'Grievance Redressal Cell' (GRC) and 'Student Grievance Redressal Cell' (SGRC) is established in order to deal with the individual grievances related to students and faculty members and to ensure the redressal of grievances amicably in a time bound manner. The Online Grievance Redressal mechanism can be used to receive the grievances online. The committee invites suggestions from employees for improving the working environment and resolving issues if any.

The students, staff and faculty approach the Cell to voice their grievances regarding academic and non academic matters. The cell redresses the grievances at individual and class level and grievances of common interest.

Oral and written complaints are also redressed. All complaints are scrutinized by the GRC & SGRC. The institute also assures students, staff & faculty that once a complaint is made, it will be treated with confidentiality.

Dedicated email id provided by college: grievances@mhssce.ac.in

Mechanism:**Objectives of GRC & SGRC:**

1. To support, those students who have been deprived of the services offered by the college, for which he/she is entitled.
2. To make officials of the college responsive, accountable and courteous in dealing with the staff and students.
3. To ensure effective solution to the staff, faculty and students' grievances with an impartial and fair approach.

Functions:

1. Redressal of Student' and faculties Grievances to solve their academic and administrative problems.
2. To co-ordinate between students and Departments/Sections to redress the grievances.
3. To guide ways and means to the staff, faculty and students to redress their problems.

Procedure:

The grievance procedure is a machinery to sort out the issues between student, staff, faculty and college. It is a means by which a student, staff and faculty who believe that, he/she has been treated unfairly with respect to his/her academic /administrative affairs or is convinced to be discriminated is redressed. It is a device to settle a problem. It enables to express feelings by initiating and pursuing the grievance procedure in accordance with the rules and regulations of the college.

It involves a process of investigation in which Grievance Cell enquires and analyses the nature and pattern of the grievances in a strictly confidential manner. Matters are disclosed to only those, who have a legitimate role in resolving the matter. Emphasis on procedural fairness has been given with a view to “the right to be heard and right to be treated without bias”. The faculty, staff and students are ought to lodge their grievances through email the chairman of committee of Grievance Cell. Chairman calls a meeting of members and discuss the issue. Then second meeting is conducted with the complainants. The committee takes necessary action, Final report based on grievance prepares and resolved the issue will be submitted to the Principal and further course of action will be decided and the same shall be intimated to the complainants.
